About OUR COMPANY

We take pleasure in manufacturing a 360 degree unified product range that includes a complete line of elevators such as **passenger lift, goods lift, hospital lift, structure lift, home lift, dumbwaiter** etc. The company has been able to successfully expand its product portfolio to meet customer requirements across various segments with elevators.

Our team always tries to deliver the best quality service through the best quality products under one roof. We always take care of your safety through reputable fire extinguishers. We always try to vanquish your darkness with our best quality DG (Power Generators) We always try to conveniently move on through our best quality elevator system manufactured with best quality products.

Our most important capital is the perfect synergy of employee competence and effective use of global "know how" through researches and practical applications with an **objective** to provide quality solution at **affordable** price.

We have set new benchmark in the industry in believing the customer philosophy and satisfaction.

WHY KEES?

Reliable Product

The parts we use are of excellent quality and 100% available with us for **KEES FAST SERVICE**

Customer Flexibility

Fastest delivery in segment
personalize your complete product

Service Maintenance

Provide 24x7 Service backup
with easily replaceable parts by
KEES Dynamic Monitoring Team

Safety

Available safety and
healthy work place
which protects worker from injury,
and increases productivity,
quality and employee morale

Affordable Price

Price is very **reasonable** in
comparison with other companies.

KEES STATEMENT

Value based performance, ethics, transparency of
operations and spirits of excellence epitomize KEES

ELEVATORS

Built for Better Convenience

We are pleased to introduce ourselves as a leading manufacturer of high-quality elevators and lift systems, committed to delivering reliable, innovative, and efficient vertical mobility solutions. With years of experience in the industry, our company has established a strong reputation for excellence in design, manufacturing, installation, and after-sales service.

TECHNICAL SUPPORT

At KEES Industries, we are committed to providing reliable and responsive technical support for all our elevator products and services. Our goal is to ensure maximum safety, performance, and satisfaction for our customers at every stage of the elevator lifecycle.

- 24/7 Customer Helpline
- Trained Service Engineers
- Installation & Commissioning Support
- Preventive Maintenance Services
- Annual Maintenance Contracts (AMC)
- Spare Parts Availability
- Remote Monitoring (Optional)
- Training & User Guidance
- Modernization Support
- Documentation & Compliance.

KEY BENEFITS

- Custom-Engineered Solutions
- Advanced Safety Features
- Energy Efficient Technology
- Smooth & Silent Operation
- High Quality Manufacturing
- Fast & Hassle-Free Installation
- Low Maintenance, High Uptime
- Modern Design & Finishes
- Make in India - Product
- Excellent After-Sales Support
- Value for money

CPCB IV+

New Features & Enhancements

- 1 Lowest Total Cost & Improved Ownership Experience
- 2 Common Rail Diesel Injection (CRDI)
- 3 Exhaust Gas Recirculation (EGR)
- 4 Prime Power Engine
- 5 Advanced Electronic Interface
- 6 Maintenance Free Diesel Oxidation Catalyst (DOC)
- 7 Diesel Oxidation Catalyst (DOC)
- 8 Selective Catalyst Reduction (SCR)
- 9 TATA Diagnostic Software (TDS)
- 10 Remote Monitoring system

We are pleased to introduce the reliable and high-performance **Tata Diesel Generators (DG) Set**, rating from 25kVA to 125 kVA, designed to meet the diverse power backup needs of residential, commercial, and industrial sectors.

We also offer after-sales support, including installation, diagnostics, maintenance, and breakdown repairs.

OUR FINANCIAL PARTNER

Other Essentials:

- Engines are tested as per IS 10000 standards
- Superior Quality alternators are used confirming to IS13364, IS4722 & BS5000 standards
- Technologically advanced control panels with deep sea/ Procom controller
- Heavy, Robust and sound efficient DG gets confirming to CPCB-IV norms & rule 95 of environment protection
- of GSR no of 771 (E) & GSR 232 (E)

Key Benefits :

- Fuel Efficient
- Low Noise Operation
- Easy Maintenance
- Routine Maintenance
- Breakwork Support
- Remote Assistance
- Spare parts availability
- Pre-Sale Support
- Installation and Commissioning
- Training.

CPCV IV⁺ Complant Gensets 5 kVA to 1010 kVA

Greaves gensets are designed to provide dependable power to critical installations and applications in malls, hospitals, residential & commercial complexes, industries, railways & more. The gensets are available in the range of 5 kVA to 2500 kVA. The gensets ensure all operations run smoothly, regardless of the external power supply conditions. Our gensets are engineered with precision, utilising state-of-the-art technology to deliver a continuous and uninterrupted power supply. They have a low footprint, TCO, noise levels, and an extended warranty of up to 5 years* on critical components. These company-built, reliable range of generator sets are backed by a 24 x 7 service and spares facility, supporting non-stop operation. Our CPCB IV+ genset range ensures we continue to offer sustainable products and solutions.

Specifications

- Mechanical FIP
- Electronic governor
- Turbocharger, pulse tuned exhaust manifold, stainless steel exhaust flexible connection
- Radiator Cooling, with turbocharged after cooling
- Plate type lube oil cooler
- Filter fuel, lube oil
- Dry type replaceable paper element air cleaner
- Flywheel housing and flywheel to suit single bearing alternator
- Starting motor Electric, battery charging alternator
- First fill of lube oil and coolant
